

# Sheriff's NET

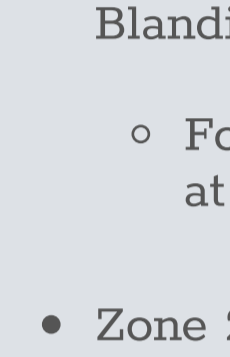

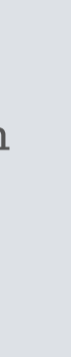

The Clay County Sheriff's Office has an enhanced strategy to reduce crime and engage the community. Residents can join the Sheriff's Neighborhood Engagement Team (Sheriff's NET).

You and your neighbors can meet with deputies monthly to discuss crime trends and crime prevention strategies. This is your opportunity to meet one-on-one with them and tell them what is really happening in your neighborhood.

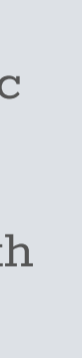

You can learn how the Clay County Sheriff's Office works for you. Fill out the application and join the Sheriff's NET. For more information, call (904) 264-6512 and ask for the Community Affairs Section. Please email your application to neighborhoodnews@claysheriff.com.

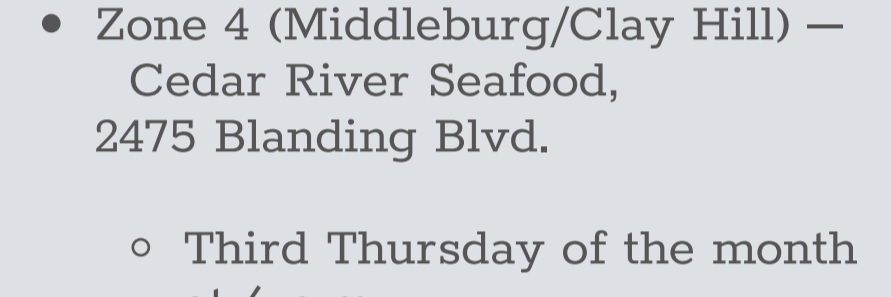

## CCSO Sheriff's NET Application
